## *WHO WE ARE & WHAT WE DO*

The Battle Creek Cereal City Lions Club is a local service organization that actively supports the sight and hearing impaired in our community who are unable to help themselves. We accomplish our mission with the funds that we raise in our various fund raising activities throughout the year, including this golf outing.

100% of the funds we raise are applied to helping others in our community, including through philanthropic organizations. We will never use any of these funds for our own administrative purposes.

**We thank you for your participation!**
